

Henry Street High School

CGC 1PM

Canadian Geography, Grade 9, Modified

COURSE OUTLINE

COURSE DESCRIPTION

This full year course, covering two semesters, will explore Canadian Geography and Canada's relationship with the rest of the world. The focus, of the course, will be on the application of Geography lessons to everyday situations. Students are assessed based on the achievement of course expectations and objectives in the students' IEPs.

UNITS OF STUDY

UNIT 1 – World maps (continents & oceans)

UNIT 2 – Canada maps (provinces, major cities, etc.)

UNIT 3 – Provinces and territories

UNIT 4 – Canada's major resources

UNIT 5 – Map skills (legends, scale, etc.)

ASSESSMENT AND EVALUATION

Marks

Assessment and Evaluation is closely related to student IEPs.

- | | |
|--|-----|
| ❖ Communication & Knowledge (classwork, assignments, participation) | 75% |
